

How can I accumulate Professional Development Points?

Professional Development (PD) points are required to maintain certification. The requirement to accumulate points begins once certified. Points earned prior to certification do not count towards the maintenance of certification.

There are many ways to accumulate PD points. For more specific information regarding PD points please see the Coaching Association of Canada's website. <http://www.coach.ca/maintenance-of-certification-s16745>

To find upcoming NCCP Multi-Sport courses see the NCCP Workshop Calendar. <http://www.coach.ca/nccp-workshop-calendar-s17165>
