

ONLINE OFFICIAL'S CLINICS GUIDE

Online webinars are an alternative for in-person officials' clinics. If your club would like to host an official's clinic you must still register the clinic using our [Register Club Clinics Form](#). The form must be submitted prior to any clinics in-person or online for Swim Alberta to record and approve of your designated instructor. Instructors can be any experienced official who is fully certified in the clinic they are instructing. The instructor may also be from outside of your club or region.

The following websites are a handful of free options for webinars your club can use:

Facebook Messenger

You need a Facebook account to join
50 participants max (and 6 on screen at a time only)
Works on all platform types
No time limit

Skype Meet Now

You do not need to have an account
100 participants max
Works on all platform types
No time limit

Google Meet

You need a Google account to be the meeting organizer but not to participate
100 participants max
Works on all platform types
60 minute time limit

Microsoft Teams

Organizer needs a Microsoft Office Account as it comes with the program
250 participants max
Works on all platform types.
No time limit

If you are running a clinic for a large number of officials you may need to purchase a paid version of these to accommodate a larger number of people.
